the
BENEFITS

For over 35 years we have been dedicated to supplying our customers with industry-leading digital copiers, printers, network software solutions and mailing products. Our philosophy of customer service stems from the belief that true customer satisfaction can only be accomplished by sales and service operating as one. Our local ability to respond quickly and accurately assures our customers of getting what they want when they want it. There is no long chain of command that must be followed before a decision can be made. We believe this separates us from the competition. To find out what true service and customer satisfaction is all about, call us!

OUR GUARANTEE

Our customers receive **100% satisfaction, 100%** of the time. We treat your business like our own.

LOCAL DISPATCHERS

Our dispatchers solve problems fast by using GPS systems to route service calls to the closest technician.

FASTER INSTALLS

We install in days, not weeks. We also offer free returns at the end of your lease.

SUPERIOR TECHS

Our factory trained technicians have experience with every unit they service. We guarantee a 4-hour maximum downtime response or we will pay you \$250.

LOCAL INVENTORY

We stock over \$1 Million in inventory locally so we can get you what you need fast.

EASY BILLING

We will customize and streamline your billing so you can easily control costs. With automatic meter retrieval there is no need to interrupt your day with a meter count request.
